

BLENDED LEARNING DELIVERED VIA NEW CLASSROOM MODULE

FirstNet Learning delivers online learning solutions to thousands of organizations, helping our clients resolve their training issues with

targeted critical content. With the introduction of our new Classroom Module, clients can now deliver an integrated balance of strategic learning that includes training online, in the classroom, and via Webinar. In fact, it easily handles all your events!

FNL's Classroom Module helps you plan, organize and execute instructor-led and offsite event-based training, and seamlessly integrates this data with your online training into one learning management system.

Interested in your own delivery? Learn more about the classroom module by attending our [free webinar](#) and the experience both your learners and administrators will have with this new offering from FNL.

GET MORE CRITICAL TRAINING FOR LESS MONEY

**Now through the end of summer
train up to 5,000 people for just \$2,500.**

Whether you want to solve one problem or address multiple concerns, FirstNet Learning will deliver an affordable, effective training solution for you -- through our hosted solution or via your existing learning center. All for one low cost:

- Assign Courses • e-Notify & e-Remind Employees • Track Results • Capture Records • Print Certificates

FNL knows budgets are tight but you still have issues to resolve - that's why we're bringing back this special limited time offer. Whether you have 1 or 100 or 1,000 or 10,000 or 100,000 people to train, we deliver affordable training to meet your needs in areas of health, safety, human capital, business skills, pc/desktop skills, defensive driving - including popular topics such as Slips-Trips & Falls, Sexual Harassment Prevention, and Ethics.

TRAINING YOU NEED NOW!

From seasonal training to training needed every season,
FirstNet Learning has the online courses you need.

Safety Awareness for Seasonal Employees

As a seasonal employee, it's important to have a good overview of safety considerations. This 30 minute course delivers that knowledge. Statistics show that new employees are more susceptible to accidents than more experienced workers.

Working Outdoors in Warm Weather

Learn to recognize the dangers of working outdoors and how to prevent problems related to elements of nature like the sun, heat, tick-borne diseases, West Nile virus, and poisonous plants. This training is helpful to anyone who works outdoors in warm climates.

Law Enforcement Training

FirstNet Learning & Lexipol know an investment in training is an investment in Risk Management. We both believe in a proactive approach and we've joined together to deliver online law enforcement training so that learners may prevent problems before they ever occur. Focused on high risk areas, these courses cover core, critical tasks and help you **MAKE EVERY DAY A TRAINING DAY!**

Driver Safety Courses

Whether you're an individual wanting to improve your driving skills, a parent wanting your young drivers to learn more, or an organization wishing to provide driver training for your employees, we have a course (including **NATIONAL SAFETY COUNCIL** courses) to meet your needs.

Check out Defensive Driving, Motorcycle Safety Program, Light Truck Safety Suite, Winter Driving, International Driving, and Alive at 25!

With over 2,500 courses in Health, Safety, Human Capital, Business Skills, PC/Desktop Skills, Law Enforcement, Defensive Driving, and more, we're sure to have what you need. Have questions? [Contact us!](#)

Or [contact Julie](#), FNL's Manager of Courses and Curriculum, to learn about custom content development - including tailoring our courses to meet your needs or converting your existing courses to online!
